# HIMALAYAN PINK SALT

Vida<sup>TM</sup>  
gourmet

## Himalayan Pink Salt

Considered the world's purest salt, the Himalayan Pink Salt is extracted from millennial mines located in the Himalayas. Its color is pink because of the high concentration of minerals it has. It has less sodium than traditional salt. Its properties also may help the body detoxification and the Himalayan pink salt can be applied in beauty care as skin exfoliation. Available in fine, coarse, in the grinder and shaker versions.

Himalayan Pink Salt perfectly replaces refined salt in any preparation. It has the same salting power, however, with less sodium.
